Fairbanks Wins the Southern California

Championship-Hudson River Meeting. Walter Fairbanks, the veteran Westward Ho! player, who won the Pacific Coast Golf Association championship last March and in October the championship of the Colorado Golf League, is the captain of the Denver Golf Club, and in the winter plays in California On Washington's Birthday he won the ama-teur championship of the Southern California teur championship of the Southern California Golf Association at the Los Angeles Country Club, so that he is in line to make another bid for the two titles he holds over from last season. Last year H. M. Scars of Los Angeles won the Southern California championship, but Fairbanks was the winner in 1901, when it was first played. This year the qualifying round was held on Thursday, Feb. 19, and in the semi-final C. E. Maud of Riverside beat F. H. Edwards of Los Angeles by 2 up and 1 to play, and Fairbanks beat T. C. West of San Diego by 1 up, after having been dormie 4. In the thirty-six hole final, on Feb. 23, Fairbanks beat Maud by 2 up and 1 to play.

The annual meeting of the Hudson River Golf Association, which includes the clubs from Hudson to Yonkers, on both sides of the Hudson, will be held at the Hotel Palatine, Newburgh, at 8:30 o'clock on the night of March 20. The president, Richard Deming, will appoint a nominating committee in a few days to report at the meeting. Although organized only a year ago, the association now includes every club in its territory. The team circuit was the longest in playing dates ever arranged in golf, and it was carried out with unflagging interest, the Powelton G if Club team winning the trophy. The insuvidual tournament was held at the Powelton links, Louis P. Myers beating Gilman P. liffany in the final, over sixty returning cards in the qualifying round.

W. F. Spalding, chairman of the golf committee of the Marine and Field Club, said yesterday that the club would have even more comp titions this season than last year. His associates on the committee will be D. A. D. Seaver, C. J. Sawyer, S. D. Tompkins, Isaac Snedeker and C. A. Kimball.

Isaac Snedeker and C. A. Kimball.

The season's club events have started on the British links. The best known of fifty competitors in the St Valentine's Day meeting of the Tantalion Club at North Berwick were J. E. Iaidlay and Robert Maxwell, the unexpected winner being the latter's brother, J. H. Maxwell. In the first place he tied with Laidlay for the Century scratch gold medal at 85 and won on the play-off with 89, Laidlay needing 91. On the same day the annual match between Cambridge University and the Old Cantaba was played at the Warlington and Newmarks to Club's links. The 'Varsity won by 6 to 3 matches, and in the foursomes by 4 matches to 1. Great form was shown for Cambridge by E. B. Scratton of Trinity Hall, who is also he well-known member of the Royal and Anolent of St. Andrews. He made a 75, which included nine 3e, one being on the first hole, a record for the course.

PALM BEACE, March 2.—The Woman's Championship of south Florida bevan to-day with a qualification round of eighteen holes, the lowest eight to play for the Championship cup, the second eight for the Consolution cup. Miss Grace Ellis won the medal for the lowest score in qualifying round. The

the lowest score in qualitying round. The screen miss Grace Eliis, 89; Miss A. Estell Murray, 91; Miss B. Andrews, 92; Mrs. Milton C. Work, 94; Mrs. J. W. Scully, 97; Mrs. W. W. Burton, 98; Miss M. Dixon by defauit. Mrs. Statesbury beat Mrs. Eddey by defauit.

Boston, March 2.—At the annual meeting of the Women's Golf Association of Boston to-day the constitution and by-laws were amended to take care of the enlarged membership. Thirty clubs constitute the present membership, all except seven of which have joined since the vote to increase the membership was passed on Jan. 21. The association elects officers once in two years and the following officers will serve for 1993; Miss G. B. heyes, Concord, posident, Miss H. S. Curtis, Oakley, vice-president, Miss H. S. Curtis, Oakley, vice-president, Miss L. A. Wells, the Country Club, secretary, executive committee the officers and Mrs. A. B. Cobb, Bracburn. The championship, which will be held in June, will be played at the Oakley Country Club if that organization is willing to give up its course to the meeting.

The election of officers was then taken up and the only office productive of a contest was that of president. Two men were nominated, Dr. J. T. Buckley, Wyanoke, B. C., and H. W. Walters, Dauntless, and the Wyanoke man won, the vote being 8 to 6 in his favor. The officers elected: F. as follows:

President, Dr. J. P. Buckley, Wyanoke B. C.; secretary 4 reasurer, Edward S. Cornell, Union B. C.; secretary 4 reasurer, Edward S. Cornell, Union B. C.; secretary 4 reasurer, Edward S. Cornell, Union B. C.; Begatta Committee—William Goeffert, Atalanta

assistant secretary, Francis J. McKee, Friendship B. C.

AMATEUR QUESTION CAUSES TROUBLE AT THE SHOW.

Objection Made to West and Tom Shawance. the Indian-A New Tournament Arure at the Madison Square Garden

Several of the canocists who have been tilting at the Sportsmen's Show at Madison Square Garden caused considerable trouble Square Garden caused considerable trouble to the management yesterday. Some very valuable prizes were offered for these contests and several bouts have already been decided. Francis West, who won the international tilting championship held under the auspices of the American Canoe Association at the Pan-American Fair at Buffalo last year, and Tom Shawanoe, the Ojibway Indian, who has never yet been beaten in a tilting contest, are both at the Garden and have been anxious to take part in the contests. The contest, are both at the Gardenand have been anxious to take part in the contests. The members of the cance association under Commodore Keyser have objected, but the management of the show after hearing both sides decided that West and Shawanoe were ligible, both being amateurs in good stand-

fligible, both being amateurs in good standing and they were to have made their first appearance in the contest to-night.

Those who have been competing heard of this decision and without any warning they went on strike last night just when they should have been taking their positions on the lake. One of these amateurs said that by acting as they did they would enforce the management to stand by them and bar West and Shawanoe from all contests in the Garden.

The management, however, did not look at and Shawanoe from all contests in the Garden. The management, however, did not look at the case in the same light and instead of barring West and Shawanoe they decided to bar all the strikers and to declare void all contests that have been held. The amateurs who kicked declare that West is a professional, but they only base this charge, they admit, on hearsay evidence.

L. O. Armstrong, who knows both of the protested men well says that Francis West

protested men well, says that Francis West is an artist and a member of the American Cance Association in good standing and an amateur. Shawance, he says, is also an

amateur. Shawanoe, he says, is also an amateur. The other contestants asked West to accept first prize and withdraw, an offer which West indignantly refused. Personally he is not anxious to compete, but feels that, since his amateur status has been questioned, a withdrawal would look like an acquiescence. Absolutely nothing has been proved against him or thawanoe, and both exercised their right in insisting that their entries be accepted.

Absolutely nothing has been proved against him or shawanoe, and both exercised their right in insisting that their entries be accepted.

Only a part of the contestants have withdrawn. R. F. Abercrombie of the Baltimore Boat Club, Charles A. Beach of the Atlanta Boat Club and P. M. Seixas of Camp Rainbow say that they are willing to meet West and Shawanoe. The tilting events will be held afternoon and evening, and as the best tilters in America will be encaged in them, they will be one of the biggest attractions of the show.

There were several new attractions at the show yesterday. In one of the booths in the gallery is a rattlesnake rope of borse hair which was made and lent by Mrs. Ernest Thompson Seton. This rope is braided with three strands of black and white horse hair. It is 2s feet long and ½ of an inch thick. It is stated that it is a protection against rattlesnakes. Many of the Indians examined it and several of them wanted to take it away.

Two new trophies have been added to the collection. One is the Belmont sup, which was first raced for in 1869. This was lent by W. M. V. Hoffman. It is called the Arden Farms e in and it was won by Mr. Hoffman's mare May K., for being the best roadster in Orange county.

To-morrow evening after the performance of Hiawatha two vaite men will be adopted by the Oiibway Indians. This ceremory is a very interesting one. It will include two or three tribal or sacred dances in which the Indians will promise faithful and eternal friendship to the new brothers, after which ever man and woman of the tribe will shake hands with the new members, who will then receive their Indian names. The white men to be initiated pre Willis H. Alling, the organist of St. Mark's Church, and Arthur Baron, a member of the orchestra playing the Hiawatha music.

Tall-end cance races were a new feature yesterday in the sporting line. In these events each cance is paddled by one man, who sits in the bow so that the stern is raised out of the water. Steering is very difficult and the races crued l ## HARLEM OARSMEN MEET.

Approve Bill to Be introduced for Erection of Boat Houses on Park Ground.

The Harlem Regatta Association held its annual meeting last night at Pabst's Café on 125th street and matters of importance to local oarsmen were discussed. The affairs of the organization for the past year were overhauled and the date, course and events for the annual regatts were selected. President Pilkington presided.

The treasurer's report which was read and adopted without a dies nting voice showed that during the year past the receipts amounted to 3945 64, the biggest item included in this being 3660 from the annual Decoration Day regatts on the Speedway course. The disbursements amounted to 3943 87, leaving a balance on hand of \$2.07. The secretary's report and the minutes of the last meeting were accepted.

The election of officers was then taken up and the only office preident. Two men were nominated, Dr. J. T. Buckley, Wyanoke, B. C. and H. W. Walters, Dauntless, and the Wyanoke manks and the wise per cent. J. G. Foot, New York, third, with east of president, C. M. Die La Vergne, Nassay B. C.; secretary streamer, Edward N. Corneil, Union B. C.; secretary streamer, Edward N. C. Chass Friendship assistant secretary, Francis J. McKee, Friendship assistant secre

New Field for Columbia May Be Acquired

in New Jersey. It was said yesterday at Celumbia University by one who attended the secret athletic conference called by President Butler that

versity by one who attended the secret athletic conference called by President Butler that among the topics discussed at the conference was a project to buy and equip a permanent athletic field for public contests on the New Jersey side of the Hudson River opposite 125th street.

This plan was originally propounded by Francis S Bangs and John B. Pine of the university trustees several years ago at a mass meeting called by the college debating union to discuss athletic affairs. It was abandoned at the time owing to the lank of facilities to take spectators across the river. The university authorities have now learned that a forriage system between 125th street and Fort Lee will soon be established which will provide facilities to take 10,000 people scross the river per hour, and it was thought that the time was now ripe to purchase an athletic field on the palisades. Since the class for south Field have been announced, the athletic organizations are store of a permanent practice field at their very doors, but there is no college ground for insportant sames except Columbia Gyal at will amsteride, which is too far from Manhatica Island for the purpose.

The new p an provides for the sale of the williamsteride, which is too far from Manhatica Island for the purpose.

The new p an provides for the sale of the williamsteride property and the application of the sale money toward the payment for the new field in New Jersey.

TERRY M'GOVERN ILL.

Little Fighter Suffering From Grip and May Not Meet Corbett This Month. The proposed contest between Terry McGovern and Billy Ryan at Philadelphia McGovern and Billy Ryan at Philadelphia to-night has been declared off. McGovern is suffering from an attack of grip and is confined to his home in Twenty-i fth street, Brooklyn. M Govern was taken ill on Saturday last, but did not mind it until Sunday. Then he was forced to remain idle and abandon Then he was forced to remain ide and abandon his training. McGovern has been working during the past month at Johnson's road-house, 170 th street and Jerome avenue. After returning from the road on Saturday he was seized with a chill and gradually he grew worse until he became so weak that he could hardly lift up his hands. It was

he grew worse until he became so weak that he could hardly lift up his hands. It was said yesterday that Terry is a little better and may be able to start for San Francisco tomorrow to get into condition for his proposed encounter with Young Corbett on March 31. Dr. Joe Craemer who is attending the ex-featherweight champion says that McGovern is run down and is not as strong as he used to be. He believes, however, that he will be able to begin training again by next week unless something unforeseen happens

If McGovern does not improve quickly his manager, Sam Harris, will try and have McGovern's fight with Corbett postponed for a few weeks. In his present condition McGovern will need at least a month to get into trim. Those who are in a position to know say that Terry has lost a lot of his vitality and does not weigh as much as he should. They attribute this to the fact that McGovern is doing a lot of worrying and always wishes to exercise whether he needs it or not. Terry is very anxious to meet Young Corbett again and does not wish to lose the chance of a battle. His friends say that it will be a bitter blow to him if his illness interferes with the fight being held.

FOR MUNROE AND SHARKEY.

FOR MUNROE AND SHARKEY. Broadway A. C. of Butte Ready to Give

\$10,000 Purse for the Fight. A further step toward clinching a fight hetween Tom Sharkey and Jack Munroe was made yesterday, when the Broadway A. C. of Butte, Mont., announced its intention of offering a purse of \$10,000 for the battle. According to a despatch the Butte club has already sent a forfeit to this city in support of its offer. Should the puglists prefer a division of the gate receipts instead the club asset that it will let the men fight prefer a division of the gate receipts instead the club says that it will let the men fight on a 70 per cent. basis, reserving the remain-ing 30 per cent. for itself. The mill, however, must be for twenty rounds. It is also stipu-lated that all rights to the moving pictures which it is proposed to take shall be reserved to the club, the organization to have the privilege of leasing or selling them as it sees fit.

privilege of leasing or selling them as it sees

If the bid is accepted the club is willing to
place \$5.000 on deposit with the Daly Bank
and Trust Company of Butte as an evidence
of good faith. When the articles were signed
it was agreed to let all the clubs bid for the
mill up to to-merrow, when the proposals
are to be opened. The fight if decided in
Butte will not take place until next summer.

When Tom Sharkey was as let about the
offer yesterday he said: "It is certainly a
good one, but it would be unwise for me to
say that I accept until we hear from the
other clubs. I am perfectly willing to have
it out in Butte."

JEFFRIES VS. CORBETT.

Big Fighters Change the Date for Signing Articles of Agreement.

Champion Jim Jeffries left town yesterday for Philadelphia. Before he went he said that the articles of agreement for his fight with Jim Corbett would be signed in Baltimore next Thursday, instead of Friday as originally proposed. Corbett is already there, and Billy Delaney. Jeffries's manager, will see him personally and sign for the boilermaker. Bob Fitzsimmons will be one of Jeffries's chief trainers. Fitzsimmons, who as a rule never has much to say about the powers of rival fighters, is very enthusithe powers of rival fighters, is very enthusiastic over the champion. He considers him a marvel and is more than confident that Corbett will not win.

Jeffries says that he will not begin activitaining for the mill until May. He intends, however, to indulse in two months' hard work. It is also likely that Jeffries may make his home permanently in this city after the fight, whether he wins or loses. Jeffries is thinking of going into the botel business and may purchase the Hotel Delavan. The Californian had a talk yesterday with the hotel's present proprietor. Tom O'Rourke, about a deal O'Rourke wants \$50,000 for his lease, which has still six years to run.

Speedway in Condition for Brushing. The sun and wind have combined to dry the surface of the Speedway rapidly and those who drove to the Harlem course yester-day were agreeably surprised to find a fairly good road. Supt Weeks stated last night that he would have the harrows started early to-day and kept in use until the afternoon crowd began to arrive. By that time he believed the upper stretch would be in good condition and ready for fast driving.

The annual meeting of the Road Drivers' Association will be held to-night and Mr. Weeks will be present and ask the members as to their views on the matter of resolling the Speedway. The money is now available and the superintendent desires to be governed by the wishes of the association as to when he shall begin the work and the manner in which it shall be carried forward.

The Horse Siew committee of the Brooklyn Riding and Driving Club has decided to
hold the annual horse show on May 6, 7, 8
aid 9, an extra day being added on account
of the large number of entries for the last
two shows. The class list will be extended by
a number of open classes, for both saddle
and harness horses. The Horse Show committee will this year be as follows:

E. T. Heeford chalman: Allan Plakerton, secmittee will this year be as follows:

E. T. Bedford, chairman: Allan Pinkerton, secretary; R. B. Woodward, treasurer; E. K. Austin,
Frank Balley, E. H. Barnes, J. Robinson Beard,

Schick's Record Made on Full Course.

When W. A. Schick, Jr., of Harvard made his sensational record of 7 1-5 seconds for 70 yerds at the Columbia games on Saturday night the question was asked by a couple of the sceptics if the track was officially measured. Nobody doubted the timing, for the watch holders were Evart Jamen Wendell, Mortimer Etshop, Robert Stoll and C. J. Dieges, men of years of experience and repute But in order that there should be no doubt about the track Mortimer Bishop of the New York A. C. and E. J. Giannai, physical director of that club, measured the 70-yard strated by North A. C. and E. J. Giannai, physical director of that club, measured the 70-yard strated by North A. C. and E. J. Giannai, physical director of that club, measured the 20-yard strated fines, which marked the start and finish the measurement was 70 yards 7 inches.

MAJOR DELMAR VS. LORD DERBY

CHALLENGE FOR MATCH RACE BETWEEN GREAT TROTTERS.

Trainer A. P. McDonald Throws Down the Gauntlet on Behalf of the Major—Stakes to Be \$5,000 a Side—Race to Be Best 2 in 3 and to Be Held in July.

A. P. McDonald, trainer of Major Delmar, authorizes THE SUN to state that he is now ready to match Major Delmar, 2.0%, against Lord Derby, 2.05%, for \$5,000 a side or any part of this sum under the following general conditions: The race to be trotted early in July, before the Grand Circuit campaign begins over any good Grand Circuit track begins, over any good Grand Circuit track that may be agreeable to both parties, the race must be at mile heats two in three in harness, and McDonald stands ready to post any rea-sonable forfeit the owner of Lord Derby may desire. McDonald believes Major Delmar is the faster horse and if E. E. Smathers, the owner of Lord Derby, really wants a race there will be no points over which to quibble. there will be no points over which to quibble.

This statement would have been made public long ago but for the fact that the owner of Major De Imar is a business man and averse to the publicity sure to follow a match between two such noted horses.

At a conference on Saturday between the owner and the trainer, McDonald obtained

the owner's permission to take the horse under his full control and the first step is this announcement of the faith the trainer has in the ability of his favorite to cope with the formidable rival for the highest turf honors. Local turfmen hope the race may be trotted at the metropolis, for it is just such contests that the New York public is willing and eager to patronize. There are many thousands here who b lieve Lord Derby to be practically invincible when he is at his best and he certainly gives promise now of bring better the coming season than 'ever before. Yet the most enthusiastic admirrs of the Smathers champion admit that Major Delmar is the most formidable opponent Lord Derby can meet.

When Major Delmar took his record of 2054 he was started on the outside of a field of three so that it was really a greater performance than Lord Derby hes ever made in public. It was one of the nevelty races at Memphis and after winning the heat at one mile Major Delmar won the second at one mile and an eighth in 2:22%, which was at nearly the rate of a mile in 2:27. The third heat was at half a mile and this Major Delmar won in 1:91.

McDonald will campaign a strong stable

nearly the rate of a mile in 207. The third heat was at half a mile and this Major Delmar won in 101.

McDonald will campaign a strong stable this year. While the stable is still incomplete he already has seven with records faster than 2:10 and ten that have beaten 2:12 as a matter of record. Taking them in the order of the record the trotters are: Major Delmar, 2055; Wilque, 2:098; Ruth M., 2:1234 and Gov. Roosevelt, 2:164. Then the no-record it is headed by the well-known mare Kozy, wo in 1901 was beaten at Hartford by Country, are only a neck in 2:144. There is another reen trotter by Camedy, 2:12, named Tenny, of whom good t. i. gs are expected. The poing ivition includes Connor, 2:334; Dain 1, 2:092; Onoto, 2:1034; Albert, 2:073; Winera, 2:092; Onoto, 2:1034; Albert, 2:073; Winera, 2:092; Onoto, 2:1034; Armorel, 2:104; St. Riga, 2:1134. Of these Connor may be reserved by the owner for matine racing, but the others will give the trainer one of the strongest stables ever campaigned. Even those with slower records have shown as much speed as those at the head of the list. The gray mare Armorel would have been tho reigning sensation two years ago had she not met the unbeat n Dan Patch, 1:594. She was second to aim at Hartford in last race in which she started and she won very race in which she competed when the trown wonder was not a ctarter.

BOWLING. The games in the Riverside League tournament at Siever's alleys last night follow:

Audubon — Maher, 178; W. Martin, 151; Smith, 116; J. Martin, 189; K. Ly, 178; Total, 746.

Hopeless and Almost Dying, Mrs. Grinnett is Saved by

-Paine's Celery Compound

The Only Spring Medicine That Can Postt.vely Guarantee Health and New Life to Weak, Diseased and Broken Down Men and Women

Another marked and positive victory for Paine's Celery Compound! Another mar-velous example of life-saving!

Mrs. Kate Grinnett, a popular and well known lady residing in Germania, Sabine Co., Ark., who expected to die, is made well and strong by nature's health restorer after the best efforts of a faithful physician had failed. This victory, and the scores

after the best efforts of a faithful physician had failed. This victory, and the scores of wonderful cures wrought from week to week by Paine's Celery Compound, create a confidence in the great spring medicine that is enduring and far reaching. At this season Paine's Celery Compound rescues and permanently cures young and old, who are weakened and broken down by disease; it never fails; its virtues are all-powerful, even at the eleventh hour. Mrs. Grinnett, thankful for renewed health and strength, writes thus:—

"Last September I was very ill and thought I was going to die. I was cold and lifeless and my heart would flutter and shake like a leaf. I had cold swests, so profuse that my garments would be wet. I had pains in my shoulders and arms, at times so severe that I was obliged to use morphine. The doctor said my liver was in bad condition. He treated me for quite a long time, but I only got temporary relief. I heard of Paine's Celery Compound and bought a bottle of it, used it, but the only change I experienced was an improved appetite. I had decided not to use the medicine any longer, but my husband persuaded me to try another bottle, which soon gave me happy resulta, and I continued with Paine's Celery Compound until I had taken six bottles. Now I am physically a new woman; I feel well, work my garden, do all my own housework and am gaining in strength and vigor every day. I recommend Paine's Celery Compound to my friends and neighbors. This is the first time I have ever indorsed a medicine."

RIGGING FOR CUP DEFENDER. 24,000 Feet of Wire Rope Made in Trenton -Tested for Great Strength.

TRENTON, N. J., March 2.—The John A. Roebling's Sons Company has just completed an order for 24,000 feet of wire rope to Roebline's Sons Company has just completed an order for 24,000 feet of wire rope to be used for ri ging upon the yacht now being built for the defence of the America's Cup. This rope ranges from one-half inch to one and three-eighths inches in diameter and is composed of six strands, each strand for most of the rope used for standing righting all contains a wire centre, while the running rope has the strands twisted around a hemp centre in order to give greater pliability.

The specifications under which the rigging for the new yacht was made required that pieces of all the different ropes should be tested before making shipments, and show a strength varying from four and a half tons for the smallest up to 94 tons for the largest diameters. To obtain this strength, the highest grade of steel which could be obtained for the purpose was used in drawing the wires. These wires were tested before stranding and the tensile strength of the greater part was found to be over 300,000 pounds per square inch, while the finished rope developed in the breaking tests a strength of 1s to 20 per cent, higher than that called for in the specifications. The rigging has been heavily galvanized.

Constitution to Be Launched To-day. NEW LONDON, Conn., March 2.—The sloop yacht Constitution, which has been in winter quarters at the Thames Towboat Company's shipyard, will be launched to-morrow morning and towed to Bristol.

Cardner was beaten by Otis in the first of last ni rht's games in the professional tourna-nent at the Columbia Academy in Brooklyn. The score was 100 to 94.
